These beautiful homes now nearing completion (ready for the Fall) are exceptionally well located, within a few minutes of the New York Central Station.

The development of the Scarsdale Estates at Greenacres is one of the very finest in Westchester County, both in respect to its natural beauty as well as to its exclusiveness.

The property adjoins the Scarsdale Golf and Country Club, as well as the Scarsdale Tennis Club. There are a number of other Golf Clubs within short driving distance. The auto roads are beyond improvement. The train service, via the Harlem Division of the New York Central, is excellent the year around—there are approximately thirty trains each way daily—it is about 35 minutes' ride from Grand Central Station.

This property is highly restricted, which insures the purchaser against undesirable neighbors. There is no more beautiful spot for a home in such close proximity to New York City.

These homes are exclusively for those who wish, and are able to afford, a home in keeping with their station in life.

To those who are seriously interested it will afford us pleasure indeed to furnish full details upon application. Write to the address below, or telephone White Plains 2611.
